Forecast For East of England
Issued by Met Office Exeter
at 0400 on Wednesday 22 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Long sunny spells on Wednesday.

Today:
Early mist and fog soon clearing on Wednesday leaving a fine morning. Cloud increasing a little during the afternoon, staying dry though with sunny periods. Breezy along the north Norfolk coast. Maximum temperature 21 deg C (70 deg F).

Tonight:
Variable amounts of cloud with the longest clear spells further south where the odd mist and fog patch may develop. All parts dry. Breezy in the north. Minimum temperature 12 deg C (54 deg F).

Thursday:
Early cloud and patchy mist and fog soon thinning to leave a dry day with plenty of warm sunshine. Maximum temperature 22 deg C (72 deg F).

Outlook for Friday to Sunday:
Friday will be breezy but dry with long sunny spells. Lighter winds on Saturday, more cloud though with isolated showers. Sunday will see sunshine and showers, heavy at times.
